Working Hard; Making Great Progress

The 2010-2011 school year has been a very successful year for Georgetown County School District. We are very proud of the progress we made this year. This progress is the result of hard work and extra efforts made by our students, parents, teachers and our community working together to provide the best possible education for all our students. For the 2010-2011 school year, Georgetown County School District experienced a successful academic year with 14 of 18 schools meeting AYP. Our school district also has four "Palmetto Gold Award" winners (Waccamaw High School, Waccamaw Middle School, Waccamaw Intermediate School, and Waccamaw Elementary School). Georgetown County has three "Palmetto Silver Award" winners (Browns Ferry Elementary School, Sampit Elementary School, and Plantersville Elementary School). Our school district also has won "Closing the Achievement Gap Awards" at three schools (Plantersville Elementary School, Sampit Elementary School, and Waccamaw Intermediate School).

Georgetown County School District continues to work on several long-range plans, including improving our facilities and our technology used for instruction. We know it is vital to have quality, inviting, aesthetically appealing places for learning to take place. You will see a number of our schools receiving modifications and updates. This year you will see more laptops, notebooks, and white boards put into place. You will also continue to see updates regarding security and attempts to make our schools the safest place they can be in today's world. Georgetown County School District has placed a high priority on professional development for all employees to improve the overall operation of all facets of our programs. Professional personnel and classified staff have been provided many opportunities to expand their knowledge and attain life goals. All of these opportunities have supported student growth and reaching higher expectations which are part of the mission and strategic plan of the school district.

Thank you for all you do to support our schools and students. We are extremely proud of our business partnerships and support from the community. We look forward to next year and more success stories for Georgetown County School District. Please stop by and visit our schools and see the good things that are happening.

H. Randall Dozier, Ph.D.
Superintendent
